

SPICE ROAD the show.

For "Spice Road" - The show, Yoni Vidal called upon seven musicians of different horizons to offer us, around a Spanish guitar, titles which rhythms and sonorities come from the "Spice Road".

Guitars, singers, ethnic percussions, bass, keyboard and drums mix together and propose us in a scented atmosphere of spices (aromatherapy) and a decoration complying with the rules of Fen Shui (Chinese ancestral art of harmonization of the elements) an astonishing musical tour of Spain to Asia, passing by the Middle East.

Spice Road is an original concert of world music, a delight for our senses, an invitation to the "voyage".
